

# UNITO SPARKLE SMART WATER SYSTEM

# TECHNICAL SPECIFICATIONS

UNITO SPARKLE Technical Specification	
Dispensing water types	Soda / Chilled water
Soda tank capacity	1 Liter
Chilled water tank capacity	2 Liters
Cooling time	30 minutes(from 25°C to 5°C@ ambient temperature 25°C)
Min./Max. mains pressure in water tank/soda tank	2/5 bar (200/500 kPa)/10 bar
System max. safety pressure	12 bar (1200 kPa)
Min. chilled water temperature	4°C
Operation	Operation via Electronic control knob, Smart device, line water handle
Power supply	220-240VAC/50-60Hz
Max. power consumption	200 W
Standby power consumption	<1.0 W
Safety features	Air release valve , fast action fuse
Refrigerant	R600a
Max. Refr. Pressure	3.0Mpa(30bar)
Dimension	397*235*433mm
Weight	15.325KG
Flow rate	2.5 L/min @ 3 bar
Max. water hardness	10° dH
